Advanced targeting options

Show an ad with a maximum of 3 times a day, to 20,000 Firefox users and only between 6 and 8 o'clock in the night. BittAds has an extensive list of targeting options that let you be very specific of when an ad should be shown and when not.

Performance reports that matter

Need to know in an instant how well your ads performed? BittAds takes reporting to a new level by providing optimized reports that don't drown you in data, but give the information that's of relevance to you.

the response looks like this:

```
<?xml version="1.0" encoding="UTF-8"?>
<ads user-name="1197277102p89642">
<ad id="1" shape="example" location="example">
